## 1. Introduction

---

**NOTE:**

*This module requires Magento Power Toys main module.*

*See section 2 for full installation requirements & guide.*

---

[JaJuMa Power Toys](#) for Magento 2 by [JaJuMa](#) is a framework for tools and helpers , a.k.a "Toys", for Magento Admins to tune and streamline their Magento experience for greater productivity.

**News Power Toy** for Magento 2 is a Dashboard toy showing news feeds in your Magento store.

## 2. Installation

For installing the extension, follow installation process as with any Magento Extension. This module requires

- [Magento Power Toys](#) v1.0.0+
- [Magewire](#) v1.10+ & [Magewire-requirejs](#) v1.1+

---

*We recommend installation via composer that will handle these dependencies automatically.  
In case of manual installation, please make sure to install these modules first.*

---

### 2.1. Extension Installation via composer

For installing the extension via composer, follow installation process as with any Magento Extension from Magento Marketplace. See:  
<https://devdocs.magento.com/extensions/install/>

### 2.2. Manual Extension Installation via FTP

For manual installation by FTP, please follow these steps:

#### Before Installing

1. We recommend you to duplicate your live store on a staging/test site and try installation on your staging/test site before deploying to your live store
2. Backup Magento files and the store database

Please Note: It's very important to backup all themes and extensions in Magento before installation, especially when you are working on a live server.  
We strongly recommend you to do not skip this step.

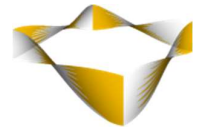

#### Upload the Extension

1. Log into your hosting space via a FTP client (e. g. FileZilla, WinSCP, cuteFtp)
2. Create Folder: <magentoroot>/app/code/Jajuma/PotNews
3. Unzip extension package and upload files into:  
<magentoroot>/app/code/Jajuma/PotNews
4. Enter and run the following commands at the command line:

---

```
php bin/magento setup:upgrade  
php bin/magento setup:static-content:deploy
```

---

---

### 3. Extension Scope

This Dashboard Power Toy displays:

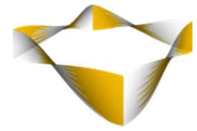

- News feeds from configurable sources (RSS/Atom Feeds)
- Mage-OS & Hyvä News as default news feeds

---

**NOTE:**

*This module requires Magento Power Toys main module.  
See section 2 for full installation requirements & guide.*

---

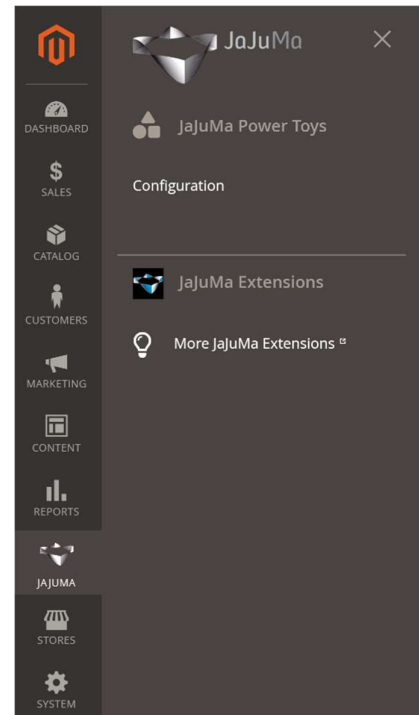

## 4. Configuration

In Magento Backend see

***JaJuMa -> Power Toys -> Configuration***

to enable or disable the extension and  
configure the extension in tab

**-> News**

## 4.1. News Power Toy Settings

The configuration in

***JaJuMa -> Power Toys -> Configuration -> News***

provides the option to Enable/Disable the toy/extension.

With **Enabled** =

- Yes → Toy is enabled
- No → Toy is disabled

And option to configure:

- **Additional Feeds:** As comma-separated list of URLs to your favorite RSS/Atom feeds
- **Limit News:** Limit number of news shown, leave empty to show all news

News

Enable [store view] Yes

Additional Feed [store view]

Separated by comma(,). Eg:  
https://image-os.org/feed/, https://www.jajuma.de/en/blog/rss/feed

Limit News [store view]

Leave empty to show all news

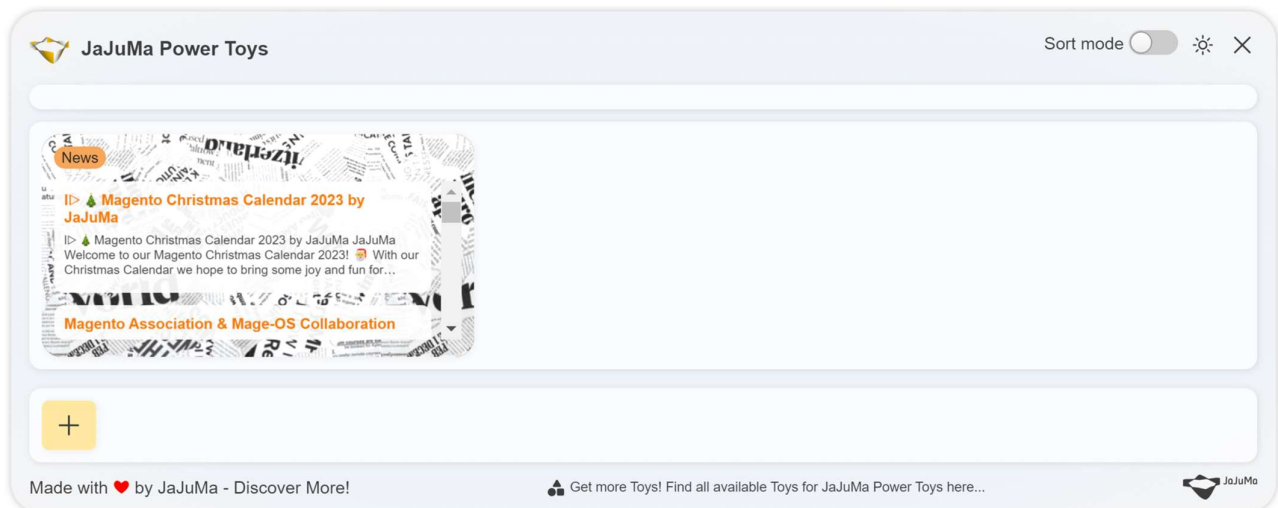

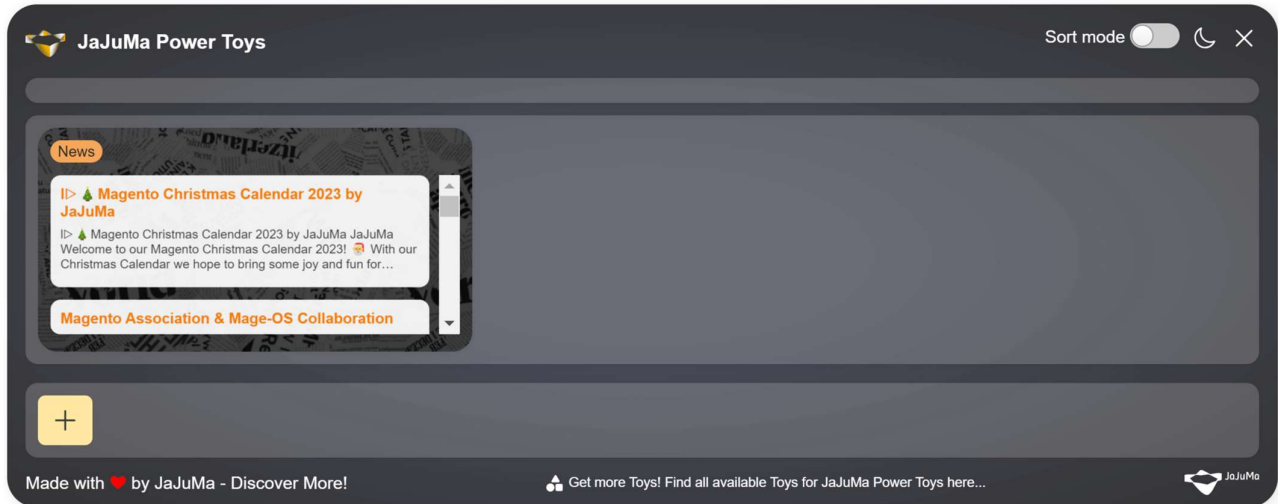

## 5. Using News Power Toy

After enabling the toy, open the Power Toys panel and see Dashboard Toy “News”

The Toy displays news from RSS & Atom feeds as configured.

When click on a title, a new tab will open showing the source page with the full article/post.

---

## 6. Support

Please feel free to contact JaJuMa support team via [support@jajuma.de](mailto:support@jajuma.de).

In case any additional information is required. We'd be more than happy to assist in setting up the extension.
